DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Guheen et al. teach a system for establishing plan to test components of web based framework by displaying pictorial representation and conveying indicia coded components of existing network framework by displaying pictorial representation and conveying indicia coded components of existing network framework. The prior art of record does not teach a method for nondestructive testing with flaw simulation, comprising the step for injecting virtual flaw signals into the processed probe output signals based on probe positions, the stored test piece geometry and the stored positional map for determining virtual flaw response signals.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Guheen et al. teach a system for establishing plan to test components of web based framework by displaying pictorial representation and conveying indicia coded components of existing network framework by displaying pictorial representation and conveying indicia coded components of existing network framework. Light et al. teaches a method for obtaining optimized computed tomography
